Dear Mr. Gottlieb:

Our attention was called to the fact that it was mentioned at the meeting of the National Negro Baseball League on June 20th that a certain percentage of the net income (after the park rental, state and federal taxes have been deducted) would go to take care of the papers which circulate in New York. The New York Amsterdam News was mentioned as one of these papers. I am writing to find out if it is a fact.

As you know the Amsterdam News has been a constant supporter of Negro baseball and has given much publicity and space to it on every occasion.

We are very thankful for this gesture of appreciation for our support and hope you can give me some information on the matter.

Very truly yours,

C. B. Powell, Editor
